Failure in Portland.

Finally, toward the close of the business day, the stock market was perturbed by the announcement of the business. turbed by the announcement of the failure U. of an important national bank in the Va. Chem city of Portland, Ore., while a rather un-welcome surprise was afforded by the Wabash wabash pfd... publication by the bureau of statistics Wis Central. of the statement of the country's agricultural exports for October.

Although the value of the country's ex-

ports of wheat in this period increase nearly \$6,000,000, cotton exports fell off to the extent of \$12,700,000, and the export as a whole decreased \$8,600,000. In this exhibited the lamentable results of the craze for holding cotton for higher price that has prevailed and still prevail throughout the South.

The highest prices in the security may ket to-day were touched in the first hou of business, and after that time the man ket steadily declined, with the activstocks exhibiting at the clo ticular degree of rallying power.

LOCAL PRODUCE MARKET.

The wholesale market yesterday in nearly all lines was in a firm and steady condition. Live stock, which has been slow for many days, was a shade The wholesale market yesterday in nearly all lines was in a firm and steady condition. Live stock, which has been slow for many days, was a shade better, though it was noticeable that yeal had come down to a lower level, in sympathy with the general live stock market. Live hogs continue rather dull. Poultry was in fair supply and prices steady at the quotations. Receipts of eggs continue light and prices firm. Fruits are in ample supply and the good grades move promptly. Hard winter apples are slow and the market overstocked. White potatoes were steady, and sweets, which have been scarce for several days, were in slightly better supply. Chestnuts added 1 cent to the wholesale price.
